Memo for the Record

During 1975 four US delegations are scheduled to travel to the Soviet Union in the area of Water Pollution from industrial sources under the Environmental Bilateral.

The four sub topics and tentative timing are as follows:

April Pulp and Paper mills and processing

May Ferrous Metallurgy

June Petrochemicals

Oct Petroleum Refining

If you have any suggestions on ~~institutes, labs, facilities,~~ institutes, labs, facilities, areas etc to be visited under these topics, please forward them to us in the next three weeks. State will gladly furnish them to EPA to request of the Soviets. Thanks.

MEMORANDUM FOR THE RECORD

SUBJECT: Opinion Request: ENVIRONMENT - WATER POLLUTION FROM  
INDUSTRIAL SOURCES

1. (U) As requested in the above opinion request, the following comments are forwarded:

a. (C) Positive intelligence opinion: It is anticipated that Navy would levy no requirements and would have no interest in this subject.

b. (C) Security opinion: The Navy Member has no objection to this visit provided there is no access; visual, documentary or verbal, to production, research or other activities funded by Navy contracts or grants, whether classified or unclassified.
